FairTrak

Labor Tracking Solution

Save Money

Record accurate clock in/out times to eliminate overpayments and ensure fair pay for all employees. Container tracking and traceability minimizes crop loss in a food safety audit.

Increase Profits

Invest in your farm's future: collect valuable labor and crop information for job costing and to evaluate profitability and employee performance.

Data-Driven Decisions

Analyze detailed, historical data using searchable records to make informed decisions. Generate GPS yield maps to analyze crop profitability.

Fast Payroll

No more hand-counting punches or wasting time with illegible tickets. Prepare payroll data with the click of a button. FairTrak saves you time in the field and in the office.
